Announcing 2010 Premier Tryouts (Under -9 to Under-14)

The Dublin United Premier program is designed for advanced and intermediate level players interested in the highest levels of competition available in the East Bay and Northern California. Our teams won state, regional and tournament championships in 2009. Dublin United provides professional training based on a curriculum designed to develop players to their fullest potential while having fun and learning life lessons. Players interested in being selected to a Premier team must attend tryout sessions for their age group. Selections are based on evaluations from the Dublin United coaching staff.
